Who Are We?

- Medical Arts Laboratory is a state of art clinical lab certified by CLIA, AHCA and AAB.
- We are a leading full service independent clinical reference lab in the state of Florida with an extensive test menu including
 - Chemistry
 - Hematology
 - Immunochemistry
 - Microbiology
 - Serology
 - Urinalysis
- Our medical technology team together offers over 50 years clinical expertise in the area of clinical pathology.

Our Team Of Pathologists

- **Dr. S Varma**, did his residency in Clinical Pathology from University of Texas Medical School, Galveston, TX. He followed it up with fellowships at University Health Science Center, San Antonio, TX., and William Beaumont Hospital, Royal Oak, MI. He has been the lab director of Medical Arts labs since 1999.
- **Dr. R Siddiqui**, did her residency in Pathology from Columbia affiliated St Luke's-Roosevelt-Beth Israel, NY. She did her fellowships in clinical genetics and molecular genetic pathology from Memorial Sloan Kettering Cancer Center NY and Virginia Commonwealth University respectively. She served as a medical director of molecular pathology and cytogenetics for 9 years at Western CT health network. She moved to Orlando in 2014 and has been a lab director of the AP and CP labs for 4 years in a private lab.
- **Dr. M Syed** did his pathology residency, from Yale School of Medicine affiliated Danbury Hospital, CT. He did his fellowships in GI pathology and laboratory informatics from Beth Israel Medical Center, NY and University of Pittsburgh, PA respectively. He moved to Orlando in 2014 and has been a medical director and operations director of a private lab for 4 years.
